

ANDREA WATANABE

Burnaby, BC | 672-667-4185 | awa174@sfu.ca | linkedin.com/in/andreawatanabe | andrea-portfolio-five.vercel.app

Economics student concentrating in Data Analysis who builds Excel, Power BI, SQL and AI tools that teams use every day. Bilingual English/Spanish, seeking a January 2027 co-op in data analysis, operations or finance.

EDUCATION

Simon Fraser University

Burnaby, BC

Bachelor of Arts in Economics, Concentration in Data Analysis (Co-op Program)

Expected Dec 2027

Relevant coursework: Statistical Learning & Prediction (STAT 452), Data Visualization in R (ECON 334), Intermediate Macroeconomics (ECON 305), Strategic Microeconomics (ECON 302), Economic Development (ECON 355W)

Recognition: BASS Case Competition Finalist | CFAC Stock Pitch Competitor | Best Framer User, Spark Jam 2026

SKILLS

Data: Excel (pivot tables, lookups, data validation), Power BI, SQL, R (tidyverse, ggplot2), Bloomberg, Capital IQ

Tools: Microsoft Copilot (agent building), HTML, CSS, JavaScript, Supabase, Figma, Framer, PowerPoint

Languages: English (fluent), Spanish (native), French (A2)

EXPERIENCE

Consulate General of Mexico in Vancouver

Vancouver, BC

Co-op Intern, Seasonal Agricultural Worker Program (SAWP)

May 2026 – Aug 2026

- Maintained and analyzed an Excel database of ~3,000–5,000 workers and employers; co-prepared 4 monthly reports on workforce inflow and trends with my supervisor.
- Built 2 Microsoft Copilot agents to automate recurring email review, saving ~1 hour per day (~50% of handling time).
- Designed and built a protection-case documentation web page (Figma, HTML, CSS, JavaScript) that every intern on the team uses daily.
- Updated health, insurance and protection-case records in the consulate's case-management system and coordinated accurate communication across workers, employers and internal staff.

Lean In Network Vancouver

Vancouver, BC

Event Coordinator

Jun 2026 – Present

- Co-organized a large event and represented Lean In Network Vancouver at an external event.
- Manage the RACI matrix, stakeholder communications, deadlines and deliverables for monthly events; research participant industries and create programming and visual materials.

IterateUX

Vancouver, BC

Event Coordinator and Project Manager

Oct 2024 – May 2025

- Planned 5 professional-development events, running 2 from start to finish, and secured 3 industry speakers.
- Designed a design-challenge concept with defined deliverables, target dates and handoff requirements.

AN Consulting & Services SAC

Lima, Peru (Hybrid)

Accounting Assistant

Dec 2024 – Feb 2025

- Reconciled 100+ bank transactions in Excel against supporting documents, flagging 2 invalid transactions before reporting and preventing a S/500 loss.

PROJECTS

Operational Performance Dashboard (Power BI, in progress): Two-page dashboard built from 4,200 simulated records analyzing inflow, processing time, data completeness, regional trends and exceptions.

Salesforce Stock Pitch (CFAC): Analyzed Salesforce, its industry and competitive position using Bloomberg and Capital IQ; presented an evidence-based Hold recommendation.

Pollito World: Built an English-learning web platform for Spanish-speaking family members, with a Supabase (SQL) database storing lessons and user progress.

Monthly Financial Wrap: Cleaned personal spending data in Excel and designed an interactive Figma and Framer dashboard; won Best Framer User at Spark Jam 2026.

ADDITIONAL

Training: Excel for Data Analysis | Bloomberg Market Concepts | Oracle Cloud Essentials | Introduction to Cybersecurity (Cisco)

Interests: Distance running (BMO Half Marathon), cooking, crochet, reading, coding, flute
